REACH NEW HEIGHTS

with Pepperdine's Doctor of Psychology
in Clinical Psychology

Pepperdine's Doctor of Psychology in Clinical Psychology allows students to participate in applied scholarship communities while conducting dissertation research. Emphasis is placed on clinical application and sensitivity to multicultural context and individual differences.

This program is perfect for those aspiring to become licensed clinical psychologists serving the community through applied clinical practice.

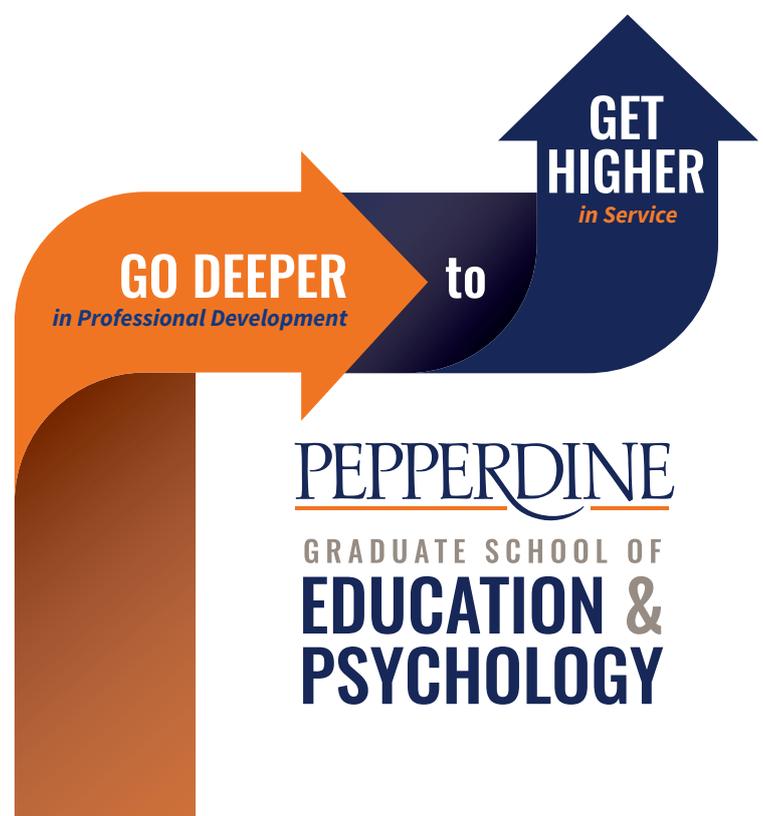

Pepperdine's doctoral program in clinical psychology employs the scholar-practitioner model of professional training and is accredited by the American Psychological Association.

Our daytime, traditional classroom program covers 82 units over a three-year period with a one year pre-doctoral internship, and is available at our West LA campus. New students may begin the program each fall.
