Beverly Ventura is a licensed Marriage Family Therapist and Executive Life Coach. Her background combines 15 years in business with extensive education and training in psychology.

As a Marriage Family Therapist she uses a combination of Cognitive Behavioral and Humanistic techniques and strategies. In her practice with clients she follows the philosophy that "It is not as important to focus on where you are in life today as it is the direction you are heading." Based on this philosophy she helps clients develop an inner self confidence, gain the courage needed to get unstuck and work toward harmonious life transitions. She encourages and reinforces personal growth, self awareness and life fulfillment.

Beverly graduated from Pepperdine University in 2000 with a Masters in Clinical Psychology. She is a member of The American Association of Marriage Family Therapists and The California Association of Marriage Family Therapists. She has private practices in Laguna Beach and Laguna Hills, California.
