Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Students may transfer a maximum of nine graduate units. These courses must be equivalent to psychology courses offered within the Psy.D. Program. The courses must have been taken after the student has received the bachelor's degree and may not be "extension courses." The credit earned must not have been used toward the granting of another graduate degree. Courses to be transferred must have been taken within the last seven years and the student must have earned a grade of "B" or better in each course. Students wishing to receive transfer credit should file a petition with the Psy.D. Program Administrator, which contains a description of the course from the university catalog and syllabus.
