Welcome, Student!

Our focus is on providing an experience that inspires our students to serve, change, and improve our communities.

From their first day at any of our graduate campuses, our students are able to witness the rich environment provided by our school’s value and spiritual commitments. This institution is laying out the framework for lofty goals and is consistently putting forth the resources and dedication to make those goals a reality, all designed with one client in mind—the student/graduate. We offer our students and alumni a sense of community that is often forgotten within the context of graduate education. It is possible to prepare students for professional success and personal meaning, while also being available to comfort and encourage them throughout their academic pursuits. To educate the heart as well as the mind, we employ faculty who are experts in their selected fields and have a passion for connecting with students on a personal level.

The Graduate School of Education and Psychology is recognized as an innovator in higher education and will continue to offer graduates a seamless transition from the classroom to the community, all the while challenging them to strive for ever higher standards of excellence.

Students who have been continuously absent for two or more consecutive terms, but less than two calendar years, must submit a readmission form to the education or psychology academic advisor. A student who has been absent for more than two calendar years is required to file a new application with the Admissions Office and pay the regular application fee. For all applicable policies, consult the 2014–2015 GSEP Academic Catalog, available on the GSEP website under the Education and Psychology sections at gsep.pepperdine.edu.

Students in cohort programs will be registered automatically for classes each term during the designated registration periods.

Student Financials

Financial Aid

Financial aid awards are based on an analysis of the student’s financial aid eligibility and enrollment status. Students must reapply for financial aid (FAFSA) before the start of each academic year. Students must be enrolled half-time to receive a Federal Stafford Loan and full-time in course work to receive a Colleagues Grant and/or scholarship (enrollment in comprehensive exam and dissertation does not qualify for the Colleagues Grant). All financial aid may be adjusted upon review of a student’s eligibility and enrollment status at and after the start of the term.

gsep.pepperdine.edu/financial-aid  |  gsepfaid@pepperdine.edu

Veterans utilizing the Veterans Administration benefits program should consult the Office of Student Information and Services prior to registration.

pepperdine.edu/registrar/veterans  |  310.506.6199

Student Accounts

Students are responsible for anticipating total tuition and fee charges and should be prepared to make appropriate payment on or before the first day of the term. If financial arrangements are not completed by the last day of the add/drop period, finance charges will be assessed. The Student Accounts Office provides student account information and processes tuition payments, company reimbursement, and student refunds. To review your Pepperdine student account activity, including detailed information about tuition charges, payment due dates, financial aid credited to your account or refunds processed, log into WaveNet.

gsep.pepperdine.edu/student-services/student-accounts  |  gsepsa@pepperdine.edu

Students may drop classes without tuition penalty during the add/drop period only; however, once students have registered for a term, if all classes are dropped after the initial registration through the last day of add/drop for the term, a charge of $150 is assessed. Students withdrawing from courses after the add/drop period are subject to the partial refund policies listed below.

- Through the second week* of the term .................................................. 75%
- Through the third week* of the term .................................................. 50%

Public Safety

If you believe an individual poses an imminent threat to a member or members of the University community, please contact the Department of Public Safety immediately. If you are located at a graduate campus and believe imminent danger is likely, please contact 911 immediately and then contact the Department of Public Safety. If you do not believe that harm is imminent, but an individual’s behavior seems threatening or seems like it could lead to harm to the individual or to the community, you should report the concern. If you are a student or a faculty member, contact Public Safety or your dean’s office. If you are a staff member or other member of the community, contact Public Safety or Human Resources. In the event you would like to submit a report during non-business hours, the Department of Public Safety is open every day, 24 hours a day. It is better to err on the side of notifying the appropriate individuals than to remain silent; the institution has resources with which to assess these situations and the individual of concern. If you have any questions, please contact the Department of Public Safety.
