Wait List

If you are unable to register in a class, you may put yourself on the “wait list” for a course that is full at the time of registration. Students who are on a wait list **are not** considered officially enrolled in that class.

If a space becomes available for the class, the department will notify you either by phone or via your Pepperdine University e-mail account. If you have not been contacted before the class begins, please send an e-mail from your Pepperdine University e-mail account to the Education or Psychology academic advisor outlining your enrollment request. The faculty of the waitlisted class will need to e-mail his or her approval to the Education or Psychology academic advisor, indicating that he or she allows you to enroll in his or her class. Enrollment requests and faculty approval must be received by the end of the add/drop period in order to be enrolled in class.

Please do not put yourself on the “wait list” for MORE THAN ONE SECTION. Your cooperation will help us to identify how many students want to enroll in a particular class.

GSEP reserves the right to move wait listed students as well as registered students (specifically, those students last to register) into a newly added class section to equalize class size. Instructors are guaranteed that class enrollment will not exceed the capacity set; it is at the discretion of instructor that a student on a wait list is added to the class. Instructors are under no obligation to add those on a wait list to their classes.

REGISTRATION INFORMATION AND GUIDELINES

Eligibility to Register

Students are required to be cleared by the Student Accounts and Admission Office's before registering for classes. Students are permitted to register in unclassified admission status for only one term. Students who have been continuously absent for two or more consecutive terms, but less than two calendar years must submit a Readmission Form to the Education or Psychology academic advisor. A student who has been absent for more than two calendar years is required to file a new application with the Admissions Office and pay the regular application fee. For all applicable policies, consult the 2013 – 2014 GSEP Academic Catalog, available on the GSEP website under the Education and Psychology sections at <http://gsep.pepperdine.edu>.

Adding or Dropping Classes

Students may add or drop classes online through their Student Center during the add/drop period (see the Academic Calendar on Page C). After the add/drop period, students who withdraw from a class(es) must notify the Education or Psychology academic advisor **in writing using their Pepperdine e-mail account**. Students will not be permitted to add classes after the add/drop period. Please note that adding or dropping classes may affect your student account balance and your financial aid eligibility.

Temporary or Permanent Withdrawal

Students who wish to withdraw from all classes for the term or withdraw permanently from the University must notify the Education or Psychology academic advisor **in writing using their Pepperdine e-mail account**. If notification of withdrawal is postmarked by the end of the add/drop period, all tuition will be refunded, **less a \$150 withdrawal fee**. If it is during the withdrawal period, please see the "Refund Schedule" on Page C for refund percentages. A grade of "W" will be assigned after the add/drop period. Failure to complete the withdrawal process will result in a failing grade for the course(s) and continued obligation for tuition and other charges.

Leave of Absence

A student may officially request a leave of absence *before registration* for a term through written notification to the Education or Psychology academic advisor. Leave of absence requests will be considered only before the student registers for the term; otherwise, it is considered a withdrawal. You can obtain the Leave of Absence Form at: http://community.pepperdine.edu/gsep/student-services/content/leave_of_absence.pdf.

Doctoral students who need to take a leave of absence must file a formal petition with the Education or Psychology academic advisor to be reviewed by the Doctoral Concentration Committee. Readmission after a leave of absence is subject to approval by the Doctoral Concentration Committee.

Newly admitted students who have not yet registered may submit a request to defer enrollment by notifying the Education or Psychology academic advisor or the GSEP Admissions Office in writing.

Auditing a Course

Students may audit certain classes with the consent of the instructor, provided space is available. An audited class appears on the student's academic record, but no grade is assigned. Degree requirements cannot be met through auditing. Students who are not enrolled for other courses will be assessed a fee of \$100 per audited course. The Petition to Audit a Course is available for download on the registration website: <http://community.pepperdine.edu/gsep/student-services/content/petition-to-audit-a-course.pdf>

Enrollment Verification

Enrollment verification can be processed by the Office of Student Information and Services (www.pepperdine.edu/registrar/verifications/enrollmenthistory.htm) or through online Self-Service Enrollment Verification from your Student Center after the add/drop period. Students must indicate the specific term(s) of enrollment they wish to be verified. Future enrollment will not be verified.

International Student Advisement

International students enrolling at the University for the first time should consult the Office of International Student Services (OISS) within the first week of the term at (310) 506-4246 or visit: <http://www.pepperdine.edu/internationalstudents/>. The office is located on the Malibu Campus, Thornton Administrative Building (TAC) next to the Office of Student Information and Services on the 2nd floor.

Pepperdine University does not unlawfully discriminate on the basis of any status or condition protected by applicable federal or state law in the administration of its educational policies, admissions, financial assistance, employment, educational programs, or activities. Please see the 2013 – 2014 GSEP Academic Catalog for a detailed description of the University's policies regarding discrimination, harassment, sexual misconduct, as well as applicable complaint and grievance procedures.

REGISTRATION INFORMATION AND GUIDELINES

Student Records Policy

The Family Educational Rights and Privacy Act of 1974, also known as the Buckley Amendment or FERPA, generally provides, that (1) students shall have the right of access to their educational records, and (2) educational institutions shall not release educational records to non-school employees without consent of the student, subject to the exceptions provided by law. “Students” as used in this notice includes former students, but does not include applicants who have not attended Pepperdine University.

Right of Access: With a few exceptions provided by law, students at Pepperdine University may see any of their educational records upon request. Students further have the right, under established procedures, to challenge the factual accuracy of the records and to enter their viewpoints in the records.

Students may waive their right to access recommendations and evaluations in the cases of admission, applications for employment, and nominations for awards. Pepperdine University may not require students to sign a waiver of their right of access to their records, but students and prospective students should be aware that recommendations and evaluations made without a signed waiver may discount their helpfulness and validity.

Disclosure of Student Records: With several exceptions provided by law, Pepperdine University cannot release information concerning students to prospective employers, government agencies, credit bureaus, etc., without the written consent of the student. Students and alumni applying for jobs, credit, graduate school, etc., can expedite their applications by providing the University with written permission to release their records, specifying which records and to whom the release should be made. The student’s written consent is not required for the disclosure of grades, disciplinary action, or other information to parents of students who are dependents for federal income tax purposes. Parents requesting information may generally be granted access upon submission to the University of a signed statement or other evidence of federal income tax dependency.

The University has designated the following categories of information as “directory information,” which may be released to the public without consent of the student: student’s name, address, e-mail address, telephone number, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, full- or part-time status, degrees and awards received, and the most recent previous public or private school attended by the student.

The student may request that certain categories of directory information not be released to the public without the student’s written consent. Requests for withholding directory information should be made at the beginning of each academic year and filed with the University Office of Student Information and Services (Office of Student Information and Services provides the form). The request to withhold directory information will remain valid until the student notifies the Office of the University Registrar in writing to rescind the hold. Such requests shall be submitted in accordance with the Student Records Policy of the University.

Further Information: This notice is not intended to be fully explanatory of student rights under FERPA or California law. Students may obtain copies of the official Student Records Policy, which contains detailed information and procedures, upon request to the Office of Student Information and Services, Malibu, CA 90263.

FINANCIAL INFORMATION

Payment of Tuition and Fees

Students are responsible for anticipating total tuition and fee charges and should be prepared to make appropriate payment on or before the first day of the term. If financial arrangements are not completed by **May 3, 2014**, finance charges will be assessed. Students who have had a check returned are required to make subsequent tuition payments by cash or cashier's check. **Past due accounts are required to be paid in full prior to registration.** Registration is not finalized until financial obligations are met. Students pay online through WaveNet or by cash or check.

Two Payment Plan

Under the Two Payment Plan, tuition charges are divided into two equal payments per term after deduction of any applicable financial aid or company reimbursement. The first half of the payment is due on **May 3, 2014**, and the remaining balance is due 30 days later. Failure to make either payment on time will result in the assessment of finance charges. Students must sign up for the payment plan online by logging into the Student Center, selecting "Account Inquiry" and then selecting "Payment Plan" before the start of the term. Students may also contact the Student Accounts Office at (310) 568-5588 or gsepsa@pepperdine.edu to sign up for the payment plan.

Three Payment Plan

Under the Three Payment Plan, tuition charges are divided into three equal payments per term after deduction of any applicable financial aid or company reimbursement. First, second and third payments are due on **May 3, 2014**, and then 30 and 60 days later, respectively. Failure to make payments on time will result in the assessment of finance charges. Students must sign up for the payment plan online by logging into the Student Center, selecting "Account Inquiry" and then selecting "payment plan" before the start of the term. Students may also contact the Student Accounts Office at (310) 568-5588 or gsepsa@pepperdine.edu to sign up for the payment plan.

Company Tuition Reimbursement

To qualify for the Company Tuition Reimbursement Plan students must complete and submit the Company Reimbursement Agreement form to the GSEP Student Accounts Office by the first day of the term. The Company Reimbursement Agreement form is available from the GSEP Student Accounts Office or at <http://gsep.pepperdine.edu/student-services/student-accounts/companyreimbursement.htm>. For further details regarding this policy, please see the Financial Information section located in the 2013 – 2014 GSEP Academic Catalog, available on the GSEP website under the Education and Psychology sections at <http://gsep.pepperdine.edu>.

Summer 2014 tuition payment must be received by the Student Accounts Office on or before **September 15, 2014**, to avoid a \$50 late payment fee and applicable finance charges. If the company reimburses less than 100% of the total tuition, the student is responsible for the balance, which is due on or before the first day of the term. The balance may be paid according to the Payment Plans listed above.

Financial Aid, Unit Load, and Enrollment Status

Financial aid awards are based on an analysis of the student's financial aid eligibility and enrollment status. Students must reapply for financial aid (FAFSA) before the start of each academic year. Students must be enrolled half-time to receive a Federal Stafford loan and full-time in course work to receive a Colleagues Grant and/or scholarship (enrollment in comprehensive exam and dissertation does not qualify for the Colleagues Grant). ***All financial aid may be adjusted upon review of a student's eligibility and enrollment status at and after the start of the term.***

The enrolled student status categories are as follows:

1. Full-time status: Enrolled in 6 units per term
2. Half-time status: Enrolled in 3 units per term
3. Enrollment in doctoral internship, dissertation, or comprehensive exam courses constitutes full-time status.
4. Enrollment in clinical practicum and fieldwork courses constitutes half-time status.

If a student plans to borrow a student loan, *the loan application and loan entrance counseling must be complete prior to registration.* Students applying for financial aid should visit the financial aid website at <http://gsep.pepperdine.edu/financial-aid> for more information. Students are responsible for tuition payment arrangements if their financial aid does not cover the full tuition cost. (See page M of this GSEP Term Handbook for Payment of Tuition and Fees.)

Veteran's Benefits

Veterans utilizing Veterans Administration benefit programs should consult the Office of Student Information and Services prior to registration at (310) 506-6199 or visit: <http://www.pepperdine.edu/registrar/veterans/>.

GRADE REPORTING AND GRADUATION

The Office of Student Information and Services does not automatically mail grade reports for an individual or previous term. Students interested in obtaining grades should follow the steps below:

- Step 1 Go to: <http://wavenet.pepperdine.edu> to log in with your User ID and Password.
- Step 2 Click on the "Student Center" link under the "Student Services" heading.
- Step 3 Select "Grades" from the "other academic" drop down menu.
- Step 4 Students may choose to print an "Official Grade Report" by selecting "Print Official Report."

If you cannot get a complete report, it usually indicates that not all grades have been received and processed. Please be patient and check again later. An official grade report is available by request from the Office of Student Information and Services (OSIS) at (310) 506-7999. *Note: Grades are posted to academic records approximately three business days after the term ends.*

Use of Data for Evaluation Purposes

The Graduate School of Education and Psychology (GSEP) evaluates its programs on an on-going basis. The data from such evaluations provide us with information to help improve the quality of the educational experience we provide our students. The data is also required by accrediting bodies, such as the Western Association of Schools and Colleges (WASC), to make decisions as to whether we can maintain our accredited status. The data included in the archive may include: (a) information provided on the application for admission; (b) surveys that are administered at different stages of matriculation; (c) course work such as papers, examinations, and exercises; and (d) other relevant academic data and records such as grade point averages. The data entered into the archive are de-identified, which means your name or other personally identifying information is removed so that the data cannot be associated with your identity.

Graduation

GSEP conducts **one commencement ceremony** each year that all qualified potential graduates may attend. However, your degree is posted at the end of the term in which all degree requirements are completed. You are required to fill out a **Graduation Application** for the degree to be posted. For commencement ceremony information visit: <http://community.pepperdine.edu/gsep/student-services/graduation/>. For a list of Graduation FAQs, please visit: <http://gsep.pepperdine.edu/student-services/graduation-faqs/>.

The term for which you apply to graduate is determined by the term in which you expect to complete your degree requirements:

- Summer: Psychology – Degree requirements completed by June 18, 2014 (Session I), or by August 01, 2014 (Session II): Application deadline is May 30, 2014
- Education – Degree requirements completed by July 18, 2014: Application deadline is May 30, 2014

REPORTING A THREAT

While shootings in schools are rare episodes, when they occur, they are often devastating. As an institution of higher learning, it is important for Pepperdine to view these types of incidents with the appropriate perspective. Since 1966, there have been 89 shooting deaths at U.S. universities and college campuses; Virginia Tech was the largest. Compare that to the approximately 1,100 that commit suicide on college and university campuses every year, or the 1,400 to 1,700 alcohol-related deaths on college and university campuses each year.

Despite shootings on campuses being rare, we as a community must be vigilant and prepared. It is important to note a few facts about these types of shootings. The Secret Service has studied the 30 major shooting incidents that have taken place at schools (elementary through college) since 1974. They found remarkable similarity in them. First, almost all of the individuals who have committed these crimes have been male, and were known for being isolated socially. Almost all of them planned out their actions in advance, and over three quarters of them actually shared their plans with others before putting them into effect. Unfortunately, in only two cases did anyone report the plan to authorities before the attack. With these facts in mind, it is critically important that members of our community report threats and potential threats in a timely manner.

If you believe an individual poses an imminent threat to a member or members of the University community, please contact our Department of Public Safety immediately. If you are located at a graduate campus and believe imminent danger is likely, please contact 911 immediately and then contact the Department of Public Safety. If you do not believe that harm is imminent, but an individual's behavior seems threatening or seems like it could lead to harm to the individual or to the community, you should report the concern. If you are a student or a faculty member, contact Public Safety or your dean's office. If you are a staff member or other member of the community, contact Public Safety or Human Resources. In the event you would like to submit a report during non-business hours, the Department of Public Safety is open every day, 24 hours a day. It is better to err on the side of notifying the appropriate individuals than to remain silent; the institution has resources with which to assess these situations and the individual of concern. If you have any questions, please contact the Department of Public Safety.
