Academic Advisement

Academic Advisement is available to students throughout the duration of their academic programs. Students are encouraged to meet with their academic advisor or program administrator during the first term of enrollment and thereafter anytime questions arise, whether they be about course work or other related issues. WaveNet is the University's online resource for assisting students with class registration, scheduling, grading, student accounts, and financial aid awards. Students should work directly with their academic advisor or program administrator to monitor their academic success at GSEP.
