5. Under the “profile” tab, you can change and review your privacy settings, password settings, and activity summary.

- **How to Upload Documents:**

1. Click on the “documents” tab. Scroll to the bottom of the page and click “Add New.” Add a label, select document type, and click “Choose File” to upload the documents saved on your computer.
2. **Important:** Please note that the first resume you upload to PepPro will need to be approved by Career Services. This approval must be completed before you can apply to any job positions. Please allow 48 hours for resume approvals. **Also note:** not all resumes will be approved and you may need some revisions before approval. Please allow adequate time for the resume approval process and applying for positions.
3. During peak times, your documents submitted for PDF document conversion may take up to one hour. You may bypass the PDF conversion process and apply to jobs by directly uploading a PDF version of the document. This can be done using one of the many PDF creation tools that are freely available (i.e. PrimoPDF, CutePDF, etc). If you are using a recent Mac OS X version, printing the document as a PDF file is part of your print system capabilities. Deleting the document and re-uploading will only delay your process.

- **Searching for Jobs:**

1. Click on the “job postings” tab. Pick either **Jobs for GSEP Students and Alumni** for the jobs posted specifically for Pepperdine students or **NACELink Extended Job Search**. NACELink jobs are those offered to students from different universities all around the United States.

4. Under the “job postings” tab – you can save your favorite jobs and do an advanced search for a more specific type of job.
5. PepPro can notify you via email if there are any new job postings matching your selected job criteria. To set this up click on the “advanced search” tab. Under “search agents” - check “save” as and enter a name for your job search profile. You will then want to choose your search criteria. At the bottom of the page click “submit”.
